REPUBLICAN

activity is Being Evinced on All Sides, and the County

WILL BE WELL REPRESENTED

At the Coming Convention of the State League of Clubs - Henwood Republicans Make Suggestions for City Nominations - Webster and Union District Clubs Select Delegates-The State Convention.

The greatest activity is being svinced in Republican circles, and Ohio county will have a very numerous as well as quite distinguished representation at the convention of the West Virginia League of Republican Clubs, which is slated for Parkersburg, March 8, Sev eral clubs, including the Ohio county, Eighth ward, Union and Webster district, have already chosen delegates, and this week will see the assembling of the other clubs for the same purpose.

Eim Grove Republicans meet to-morevening to chose delegates to the Parkersburg convention.

Madison district Republicans meet this evening at the Island hose house to effect a campaign organization, and to hose delegates to the Parkersburg convention. The meeting will be largely stiended and enthusiastic—this goes without saying, for "de Seventh" can always be depended upon. She never falters; her Republicanism is of the stalwart type.

This evening, at the rooms of the hamber of commerce, the committee appointed rome time ago to secure for this city the Republican state nominating convention, will meet to discuss the situation and to appoint a spokesman who will present the city's invita-tion before the state central committee, at its meeting here on Wednesday even ing. The committee is composed of the fellowing gentlemen: John Waterhouse chairman: John A. Howard, Colonel Thomas O'Brien, Congressman B. B. Dovener, State Senator N. E. Whitaker and Joseph C. Brady.

A mere glance at the personnel of the committee shows it to be a bi-partisan This is explained by the fact that the committee was originally instructed to go after the both state conventions. But. unhappily, Messrs. O'Brien and Howard met with a reverse before the Democratic committee. Now everybody will join in the campaign for the Republican convention. In this connection, the Intelligencer would suggest that the committee take steps to scure the Democratic and Republican engressional conventions of the First district, as well as the state Republican onvention. The more the merrier.

A meeting of the Center district Republican club will be held this evening Hartman's hall, at the corner of Twenty-third and Market streets, for the purpose of electing officers and osing delegates to the state league of Republican clubs, at Parkersburg.

The Union district Republican club reorganized at a large and enthusiastic meeting Saturday night, at the police court room. Squire James A. Dunning presided and John L. Kinghorn acted as secretary. After addresses by several candidates, the following delegates were elected to the Parkersburg convention of the state league of Republi-can clubs, on March 8: W. H. Horniah, Richard Robertson, Thomas O'Brien, jr., William Beckett and John Bodley

The Webster district Republican club held a big meeting Saturday night, at the Pythian Castle, which was presided over by M. J. Grogan, the secretary being Charles F. Schultze. Election of club's officers was postponed until a future meeting. The following delegates were elected to represent Webster district's club at the state league:

Delegates-Charles F. Schultze, William D. Dudley, Henry Rosenberg, Charles Moore and William Shields. Alternates-Jesse Jackson, Charle Dowler William Ashworth Frank Bowess and George Devinney.

The following finance committee was elected: M. J. Grogan, Charles Moore, George Devinney, C. A. Helmbright and

The Benwood Republicans suggested names for the primary election, in con-pection with the Benwood city election, which is to occur on April 3, at a large and enthusiastic meeting held at the Benwood city hall on Saturday evening, decided to hold the primaries next Saturday afternoon, from 1 to 7 p m., at the following voting places: First ward, North Benwood school: Second ward, city hall; Third ward, Central

school: Fourth ward, Sharp's store, The following were the suggestions: Mayor-Thomas Shepard, of the Sec-

A meeting of the Republicans of Washington district is called for fins evening at 7:30 o'clock. The mee'ang will be held at the Vigilant engine house and is for the purpose of select ing delegates and afternates to the convention of the State League of Republican Clubs, to be held at Parkers

The Liberty District Republicans will meet next Saturday evening at 7:30 o'clock, at Valley Grove school, house, for the purpose of organizing a campaign club, and to elect delegates to the state league convention at Parkersburg, March S. All Republicans are invited.

A TYLER REPUBLICAN TALKS

On the Subject of the Presidency of the State League of Republican Clubs-Hon. U. S. G. Pitter the Proper Person.

To the Editor of the Intelligenmen SIR:—As a representative Republican of Tyler county, and one interested in the success of the State League of Republican Clubs, I desire to state my views, and I believe they are along the line of thought with a majority of the party sympathizers of this great and prosperous part of the First Congressional district. In the first place, a well organized league of clubs, with the proper officers and spirit by them manifested, means an advantage to the party, which cannot be lover-estima-Co-operation, with the leaders, means a closer touch with these who do the voling, viz. the masses, the mountaineer, the farmer, the laborer, the mechanic, and to have the machinsary to have at the head, representative men, men whose characters are spotless, men who have heretofore done effective service to the party, and men who are in close communion with the people, and whom these same people have confidence in.

Saveral names have been mentioned and some have announced a willingness to serve the party as president of the league. Doubtless in the eyes of their friends, they are suited for the honorable position, but Tyler county would like to support a man who, we think fills the bill, and if elected, would add greatly to the success of the League of Clubs as well as the Repub-lican party, and that man is Hon. U. S. G. Pitzer, of Berkeley county. His candle has never shown under a peck measure, but on the other hand, his works are known throughout the entire state. He is a good politician, honest and upright and his past record needs no apology, therefore, we want him and need his effort.

Very respectfully. REPUBLICAN WORKER. Sistersville, W. Va., Feb. 17, 1900.

BOXING.

For years there has been an intenst between Jack McClelland and Louden Campbell, and the title of "the pride of Pittsburgh," conferred on the former at the font of popularity, has always galled Campbell and his friends. and anon there is talk of match between them, the weight being the obstacle, since Campbell fights at 126, while McCielland wants him to do 122 pounds. Recently the prospects were bright for their meeting in the ring at Campbell's weight, but the match fell through. As Bolen fought McClelland a twenty-round draw here and more than held his own, much in terest attaches itself to the showing Campbell will make with the colored next Thursday night Campbell should be the favorite in this

MARTIN'S FERRY NEWS.

The Daily Chronicle of Wheelings Progressive Neighbor.

Progressive Neighbor.

Quite a little excitement was caused on Fourth street about \$120 o'clock Saturday evening. Two peddiers from Wheeling, giving their names as George Baker and Edward Smith, had been salipg their wares in town all diy and on account of the cold weather evidently were entired to drink some of Martinis Ferry's bud liquor. The two men were driving past the Central school on their way home, and were making comiderable noise and occupy int the entire street. Officer Charles Bailey stopped the outfit and saked the men to make a little less noise. Whereupon the two men, without saying a word, jumped out of the wagon and one, with the butt end of a whip, hit the officer under the right eye, cutting anyly sash. The officer relatied by using his mace to good advantage over the heads of the offenders. During the affair one of the men succeeded in getting away through the crowd, which rapidly formed. A telephone message was sent to police headquarkers and officer Brown responded and succeeded in finding the man who had made his escape, and it was not until the officer had given him several taps on the head with his club that he went peacefully to the fail. Officer Balley landed his man without any further difficulty. The men will have a hearing this morning and the fact that he had been dealt a severe blow by one of the men tried to make his escape there was such a crowd around that officer Balley could not safely use his revolver, or he might have stopped him without calling for assistance, notwithstanding the fact that he had been dealt a severe blow by one of the men with the butt of his whip, and he retained perfect self-control throughout. Had he allowed himself to become excited by the circumstances and turned his revolver loses at the criminal, which he would have been justified in dolog, he might have shot ad drunken peddler or an innocent bystander, neither of he would have been justfied in dolog he might have shot a drunken peddler or an innocent bystander, neither of which would have been as much to his gredit as the cool-headed course he pursued.

Didn't Buy Thirty Lots.

Didn't Buy Thirty Lots.

The report in Saturday's Evening Times that Koehnline, Appenseller & Drennen had sold thirty lots to the American Tin-plate Company, is a mistake. They have not sold any lots in their addition to the Tin-plate company or to any one for that company, and the only lots they have sold are ones scattered over their addition, to private parties and in such shape that they could not be used for right of way. While Koehnline, Appenzeller & Drennen have been approached by parties for the pries of certain lots in their addition, and that while the lots inquired shout would indicate that they might be wanted for a right of way for some purpose, yet no sale has been consummated. The premature publication of sales of coal lands and other property to corporations by the various evening papers in this vicinity appears to be an epidemic. They have been of frequent cocurrence lately and have a tendency to disturb and hinder the consumnation of contracts between lawyer and seller.

Barnacles on Ocean Cables.

The recent investigations for cable laying in the Pacilic ocean have revealed the interesting fact, that if not upon rock bottom, they gradually become encrusted with barnacles and seaweeds, heavy enough to break them. This is like dyspepsia, which, if it is not checked, grows until it breaks down the health. Hostetter's Stomach Bittere will prevent as well as cure indigestion, dyspepsia, billousness, liver and kidney troubles. It makes weak stomachs strong. All druggists sell it.
